

AMERICAN HUNTS DOWN MURDERER; JAILS HIM IN ITALY

Long After Crime in Pennsylvania Fugitive Is Trapped and Given Heavy Sentence.

MESSINA, Sicily, Oct. 9.—Francesco Imbesi, who attacked and robbed Patrick Campbell at Portage, Pennsylvania, in 1904, surrendered himself to the authorities here yesterday. He was condemned to thirty years imprisonment for the crime and for his complicity in the murder of Charles Hays on the same occasion.

The crime for which Francesco Imbesi was condemned to thirty years' imprisonment in Sicily occurred on July 30, 1904. Patrick Campbell, paymaster of the Puritan Coal Company, with his driver, Charles Hays, were travelling in a buggy, carrying with them \$3,000 to pay the wages of the miners at the Puritan Mine near Portage, when they were set upon by highwaymen in a wood a short distance from Portage. The two men were shot down, Hays being instantly killed and Campbell severely wounded. Campbell, however, whipped out his horse and attempted to escape, but one of the highwaymen shot the animal in the hindquarters.

Campbell, when the horse fell down, was thrown out of the vehicle and the highwaymen then shot him again and left him for dead. The robbers escaped with their booty and all trace of them was lost until they were found.

Campbell recovered and proceeded to Italy to trace his assailants and their discovery was mainly attributable to his efforts.

Two men beside Francesco Imbesi were brought before the criminal court of Messina in June last charged with the robbery and murder but were acquitted.

WOMAN ARRESTS GIRLS.

Young Women Charged With Theft in Department Store.

Mrs. Mary Clark, a department store detective, was a witness against Margaret Miller, twenty-one, and Miss Cameron, twenty-two, of No. 151 West Sixty-second street, before Magistrate Cornell in the Jefferson Market Court this morning.

This woman detective declared that she had followed the two young women in the store and had seen them hide two lace coverlets and some sheets under their coats. The prisoners refused to make a statement but asked for a delay in order that they might communicate with their relatives. They were held in \$500 bail and the hearing was set for Friday afternoon.

Health and Beauty Hints

BY MRS. MAE MARTYN

Grace: Certainly that multitude of hair and your dandruff are dangerous conditions, and should be controlled quickly by a proper shampoo, take some camphor from your druggist and dissolve a teaspoonful in the water of the bath. This makes hair slow and dry well. This makes hair abundant of rich, cleansing lather and rinses leaves them smooth and wonderfully clean and clean. These shampoos are very soothing to tender, itchy scalps and skin. The shiny, curly, even-colored hair results. Camphor shampoos are invaluable to the skin growth of hair as well as a growth of scalp and hair difficulties, overcomes all scalp and hair difficulties.

Mrs. X: With a paste made by mixing some powdered deodorant with water you can sooth the skin of every trace of hair. Take paste and rub it on the scalp two or three drops in each eye a few times a day until they are removed, after which wash off the remains and leave it clear and white.

Chubby: I reduced to normal by use of the iodine treatment, which was recommended by my family doctor and when I found that it greatly reduced my weight and appetite, I always used it. I am now in excellent condition, or I believe, and am recommending it to my friends. I also take iodine tablets and dissolve four ounces parsnips in one and one-half pints hot water, then add two tea-spoons of iodine. You will find that when your weight is where you want it, the flesh will be firm and the skin free from wrinkles.

Grace: I always use a creosote tonic and soap bath at least twice weekly. I buy an ounce of creosote from my druggist and mix it with plain soap bath, then place two or three drops in each eye a few times a day until they are removed, after which wash off the remains and give a sparkle and glow to the eyes.

Grace: I made a sandwich hair and soap tonic at small expense by putting one ounce emulsion into one half pint soap and adding a few drops of creosote. I used to rub a little of this on the scalp frequently and it soon banished the dandruff and hairiness. This quinolin tonic stopped the itching, burning sensation and made the hair grow soft and shiny and took away a beautiful lustre and rich even color.

Grace: Your friend's suggestion to take the carbolic acid ointment and system tonic is excellent advice and you will notice the run-down feeling much better as the simply condition of your skin. This carbolic acid ointment can be prepared at little cost by dissolving one

ounce carbolic acid in a quart of oil. See Mrs. Shaffey's book, "Beauty."
